

GOLD STANDARD

DIAGNOSTIC TOOL FOR CSA PREVENTION

The Gold Standard is a diagnostic and educational tool for youth-serving organizations' child sex abuse prevention programs.

- Assess the youth-serving organization's (YSO) CSA protection measures and learn about gold standard practices
- Receive immediate results that highlight gaps in current CSA prevention policies
- Collaborate with CHILD USA to develop a custom plan to enhance youth protection policies

“

"A very thorough and thoughtful assessment."

"I already see areas for improvement at my unit's level."
